D. Description of Entity and Records to be Audited

The GADD is one of 15 Area Development Districts established in 1968 in the State of Kentucky for regional planning and development. In 1972, the Area Development Districts became official public agencies of the State of Kentucky by order of the Kentucky Revised Statute Chapter 147 A.

The GADD consists of the Kentucky counties of Bath, Menifee, Montgomery, Morgan, and Rowan. GADD coordinates planning and development activities for this five county region and provides assistance with implementation of local, state and federal programs that address community development, planning and quality of life projects. The GADD's projected annual revenue for FY 2018 is \$2.2 million. The agency employs 20 individuals, which administer and perform services for a variety of state and federal programs. Through its partnership with the Department for Local Government (DLG), GADD is an effective conduit of information and communication between DLG, its state cognizant agency, and the local units of government within the Gateway ADD region. GADD's federal cognizant agency is the U.S. Department of Commerce Economic Development Administration.

GADD is governed by its Board of Directors, which is comprised of local elected officials, citizen and minority representatives. The Executive Director is responsible for the daily operations of the organization.

GADD operates on a fiscal year beginning July 1 and ending June 30. The accounting systems are maintained on a modified accrual basis throughout the year and are converted to full accrual at June 30 of each fiscal year.

GADD receives funding from various local, state, and federal government agencies for the administration and completion of specific scopes of work. GADD prepares an annual cost allocation plan to assign direct and shared costs to each grant, project and program. The allocation plan is submitted to the Department for Local Government annually for approval. GADD utilizes over 30 projects/programs and one cost pool that allocates common, operational and indirect administrative costs to each program.

GADD utilizes Abila Fund Accounting software.

GADD has been audited annually for approximately four decades.

The bid documents are available on the home page of our website at www.gwadd.org. You may also find on our web page the following documents:

- a. Cost Allocation Plan - FY 2018
- b. Most Recent Audit Report - FY 2016

E. **Options**

At the discretion of GADD, this audit contract can be extended for two additional one-year periods at the discretion of the GADD Board of Directors. The cost for the optional periods should be included with the proposal. It is anticipated that the cost for the optional years will be based upon the same approximate cost per thousand dollars of audited expenditures as the contract for the initial year.

Payment will be made when GADD has determined that the total work effort has been satisfactorily completed. Should GADD reject a report, GADD's authorized representative will notify the Offeror in writing of the reason(s) for the rejection. The right to reject a report shall extend throughout the term of this contract and for ninety (90) days after the Offeror submits the final invoice for payment.

Upon delivery of all copies and electronic file, as stated above, of the final reports to GADD and their acceptance and approval, the Offeror may submit a bill for the audit services.

If in the unlikely event, the audit report is deemed sub-standard by the Federal Audit Clearinghouse, GADD reserves the right to recoup the fee for the audit services.

G. **Audit Review**

All audit reports prepared under this contract will be reviewed by GADD and its funding sources to ensure compliance with **Generally Accepted Government Auditing Standards**.

In addition, KRS 147A.117 specifies the following requirements in any contract with a certified public accounting resulting from this RFQ:

- (a) That the certified public accountant shall forward a copy of the audit report and management letters to the Auditor of Public Accounts for review;
- (b) That the Auditor of Public Accounts shall have the right to review the certified public accountant or firm's work papers before and after the release of the audit; and
- (c) That after review of the certified public accountant or firm's work papers, should discrepancies be found, the Auditor of Public Accounts shall notify the audited entity of the discrepancies. If the certified public accountant or firm does not correct these discrepancies prior to the release of the audit, the Auditor of Public Accounts may conduct its own audit to verify the findings of the certified public accountant's report.

To ensure these requirements are met, the Offeror's representatives must have extensive communication with the Kentucky Auditor of Public Accounts (APA) office. The APA must approve the audit for release prior to the Offeror's presentation to the ADD's governing body. The APA's approval will be determined by a review of the Offeror's audit documentation and draft, after which the APA will communicate to the Offeror any changes necessary to obtain the APA's approval for release. The Offeror should contact the APA at the beginning of the audit to coordinate the planned audit timeframe to facilitate a timely review and approval process. Subsequently, the Offeror must contact the APA's office to schedule the review of the audit documentation and draft report at least 14 days prior to presenting the draft report to the ADD's audit committee or governing body. The APA may grant tentative approval pending review of the management representation letters and other closing documentation finalized after the date of the APA's initial review.
