Morgan	City of West Liberty	SX21175022	<b>City of West Liberty Equipment Upgrade and Replacement Project</b> The existing Wastewater Treatment Plant (WWTP), located in the City of West Liberty, was constructed in 1989 and serves approximately 644 customers. Many of the components found in the WWTP date back to 1989-2003. Many of aging and deteriorating components require continuous maintenance, with some components no longer adequately handling the increased flow. The proposed project would upgrade one aging and undersized piece of equipment, the Return Activated Sludge (RAS) Pumping System, and six aging and deteriorating pieces of equipment, including the tertiary filter, the UV control panel, and four explosion proof heaters.	\$550,000	Major Treatment Plant Rehab/Upgrade	20		20			899	\$611.79	40	3	12
