Water Quality Improvement Project

\$1,500,000 (\$1,237,500 Budget Increase; Change in Scope)

The proposed project will construct a new 100,000 gallon steel ground storage tank on Tower Hill Lane to serve the households in the McClain Way area, and a proposed 80 GPM pump station will be installed. A 4" meter at the Eastern Kentucky Correctional Complex will replace the existing meter, which is not reading accurately. Aging, undersized, and problematic waterline throughout sections of West Liberty will also be replaced, and waterline services will be extended from Branch Street to Glenn Avenue Loop.
